Brief Description of Services Offered	

As a parish, St. Ann is committed to building relationships with people through-out our community. Advertise in the Business Directory to connect and engage with our entire church and school community. We believe that our Business Directory will be a tool that will allow you to creatively intersect our parish and your business. There is no fee to register your business into our St. Ann Business Directory. Our Directory will be shared on the internet and in print format. Please turn in the form to the parish office or drop off at the Welcome Desk in the Church narthex.
